Greetings:

I just wanted to thank you for the outstanding service you have provided to Hyside over the years. It's always a relief to discover a company like yours that understands the quality of workmanship a serious boater demands.

I would have great pleasure in recommending your service to Outfitters and private boaters alike.

Also wanted to let you know that we've had a surprising number of people call us back and thank us for recommending your shop.

Keep up the good work!!!!!!

Sincerely,
